Remarks

**Unique Custom Built one of a kind Farmhouse with 4 bedrooms 3 full bathrooms all located on nearly 2 acres of a park like setting across from the historic D&L walking path and Lehigh River conservation recreation area. This home is filled with plenty of natural light that comes through the upgraded Anderson windows that overlook the beautifully landscaped and well-maintained gardens on the property. There are multiple ways to stay warm and comfortable including a sauna, Carrier heat pump, propane fireplace with rare antique mantle in the living room, Jotul wood stove in the basement, and 2-year-old whole home Generac generator for back up. The kitchen was renovated 5 years ago to an open flow concept with many upgrades including quartz counter tops, custom cabinetry, new appliances, and two spacious storage pantries. The upstairs features a library and gorgeous owner suite with garden tub, shower, two closets and walk out balcony. The other bedrooms are large in size with plenty of storage space. and one of them also**
